FAIR TRADE ORGANIC COFFEE

CHARLIE'S SECRET (DARK)

This is a tightly guarded recipe that only one person has knowledge of. You will detect the cedar and ground pepper aroma, a smoky flavour with high acidity. Good balance across palate. Only Charlie knows the secret.

COLOMBIAN (MEDIUM)

Grassy, wet earth aroma, which carries into the flavour along with notes of garden peas. It has a chocolaty aftertaste with low acidity and light body. A longtime favourite with many a connoisseur.

GUATEMALAN (MEDIUM)

Toffee and brown sugar in the aroma and a light syrup and honey flavour. We also find some citrus notes. It is very low in acidity and has a Medium body. Did someone say el café?

MIDNIGHT OBSESSION (DARK)

We all have one or two but this obsession is one of burnt pine and ash in the aroma with a pleasant, smoky taste. Low in acidity and Medium in body. Think about having a slice of chocolate cheesecake on the side.

SLEEPY MONKS OWN (MEDIUM)

Fruity aroma, leading into a tangy apple flavour with subtle hints of vanilla. Another one of our own recipes of 3 origin coffees. This is our original Fair Trade roast and our most popular. It is low acidity and high in body. So if you're feeling sleepy...

SUMATRA (DARK)

Grown on an island in western Indonesia, affectionately referred to as Frank Sumatra around Baden. This one has an aroma of toasted oats and wine. Smokey and spicy in the flavour. High acidity and Medium body. Doo bee doo be doo...exchanging glances.

SIGNATURE COFFEE

PEAKS (MEDIUM)

We named this roast after the glacier made 'kames' just outside of town. They reach 434 meters in height and contrary to popular belief we do not grow our coffee here. Aroma of bread and flavours of honey and butter. Caramel in the aftertaste with low acidity and a Medium body. A great way to re-live a summer trip to Baden.

CASTLE RESERVE (MEDIUM)

Named after Castle Kilbride right here in Baden. Wild Rice in the aroma carrying into flavours of garden peas and an earthy tone. Fruity aftertaste with Medium body.

SANDHILLS (MEDIUM)

We tip our hat to another Baden landmark in this tribute recipe. A distinct aroma of nuts with flavours of spices and cloves. Low in body and low in acidity. We think we did the famous Sandhills justice.

TANGO (MEDIUM)

It takes two to tango but only one guy to roast it. Light berry and unripe fruit in the aroma. Honey, herbs and garden peas in the flavour. Vanillas in the aftertaste with low acidity and Medium body. Have a cup with your dance partner.
